Subject: FW: Vipont Mine spraying for weeds

The invoice came in, I approved it for payment today. See the attached. Let me know if you need anything further to release the remaining portion of NorthStar's bond.

Also, when you have finished your report of the site, we would greatly appreciate a copy of the report and photo's. Thanks in advance!

Subject: RE: Vipont Mine spraying for weeds

Rebecca,

The treatment of the noxious weeds at the Vipont mine took place on June 25, 2014. We mapped about five acres and treated approximately one acre of Black Henbane. Attached is a map showing the overall area and a close-up of the area treated. The second attachment is a Garmin file of the photo waypoints of the weed locations. An invoice will be faxed today. Follow-up next season would be wise in case we missed any weeds. Let me know if we can be of assistance.

Mike
